ABOUT US

The business environment today is tough, challenging, and moving at an exponential pace—but it's also full of opportunities. Technology continues to drive the organizational change agenda, but now it's about making operations smarter, autonomous and executing on a process. Farsighted companies are already recognizing the convergence of digital, robotics process automation, analytics and artificial intelligence as never before to leverage automation through latest digitalization and augmented intelligence.

About **SRI VENKATESWARA ENGINEERS (SVE)**

SVE is a proprietorship firm founded and incorporated in 2007. SVE started its operations as a sales and services support provider to leading multi-national vendors in the arena of LV. Switchgears, Industrial automation for programmable logic controllers (PLC), SCADA, HMI, Drives, Servos, HDD(Horizontal Directional Drilling) & OFC Cable Laying, Mechatronics, Industrial Automation & Electrical Vehicles with a special focus on Energy Management.

About **SVE MD**

Mr. A. John Paul has more than a decade of experience in Industrial Automation. To starting **SVE**, Mr. A. John Paul was associated with VACON India where he handled multiple divisions. He has vast knowledge in smart sourcing and execution. His ability to understand the implicit and explicit needs of clients and deliver a holistic solution translates their exact vision to reality.

SVE's Mission

Principled in thinking and sincere in approach, we at **SVE** ensure that all projects are conceived keeping in mind the best benefits for the customers and are implemented within agreed upon time scales and budgets thus providing value to our customers.

Our Goal

SVE's goal is to provide customers with timely and quality sales and service support with the latest technological innovations and competitive pricing to give customers the most complete solution to their utmost satisfaction.

Our Values

SVE will maintain its professional ethics and moral values and will leave no stone unturned to assure complete client satisfaction. We believe in the power of team spirit and team work. We will ensure an environment of mutual respect and professionalism throughout.

Why SVE

At **SVE**, we believe in a unique philosophy toward providing industrial automation services to our clients, backed by an unflinching dedication to its practice. The essence of this growth depends upon our Team, Dealer's & Vendor's.

PANELS & AUTOMATIONS

ACB Panel for Power distribution and Control up to 6000A

LT Panel for Power distribution and Motor Control up to 1000A

PLC Panel with 254 IO's

VFD Panel with Bypass & PLC

APFC Panel

EB Metering Panel

Control Desk Panel

Chiller Compressor Panel

IP66 Outdoor Panel

VFD Panel-GAS

FIRE Panel

HDD WORK

Harmonic Filter

Conveyor System

PRODUCTS

ABB

- ❖ **SOFT STARTERS**
- ❖ **AC DRIVES (LT & HT)**
- ❖ **MOTORS, PLC, HMI, CONTROLLERS**
- ❖ **ACB, VCB, MCCB, SFU, MPCB & MCB**
- ❖ **CONTACTOR, OLR, TIMER, DB**
- ❖ **CAPACITOR, LIGHTNING ARRESTER**

- ❖ **AC DRIVES (LT & HT)**
- ❖ **SERVO, PLC & HMI**
- ❖ **INDUSTRIAL ROBOTS**
- ❖ **ULTRASONIC FLOW METERS & WATER LEVEL TRANSMITTERS**
- ❖ **GAS ANALYZERS**
- ❖ **ELECTRONIC TRANSMITTERS**
